## ABOUT THE COLLEGE

Patharkandi College of Education was established in 1995, with the bold, sincere, dedicated and determined efforts of the people of this remote and landlocked region of Southern Assam under the vigorous leadership of late Prof. Quomrul Hoque. He was the sole inspiration behind the foundation of this College. His vision and love for education made him to work hard with the co-operation of the enlightened local residents towards the establishment of this Institution. It is the outcome of the long cherished dream of the founder to contribute meaningfully in the nation building through preparing and nurturing the backbone of the nation i.e. the teacher. The college is Recognized by the NCTE, New Delhi and Affiliated to Assam University, Silchar. From the very beginning, the College has the distinction of achieving top positions in the University Final Examinations and maintaining consistency in highest passing percentage too. This reflects the sincerity and devotion of the teachers, towards the institution and commitment towards the welfare of education, especially School education. The College has all the required teaching Faculties, library and Laboratory facilities, additional infrastructures including separate hostels for boys & girls, auditorium, playground etc. running under the able guidance and leadership of Dr. Md. Aynul Hoque, the principal of the college.

The College is offering two Teachers Training Program viz. Bachelor of Education (B.Ed.) affiliated to Assam University and Diploma in Elementary Education (D.El.Ed.) affiliated to SCERT, Assam provides opportunities to both pre-service and in-service graduates and would be teachers to equip themselves with the theoretical knowledge and practical skills that are considered necessary to attain professional competency in teaching.

## From the Desk of Principal

*'Education is not the learning of facts, but the training of the mind to think' - Albert Einstein*

Education is the most powerful weapon to engineer social change. It is the process of acquiring knowledge, values, and skills. Education helps us realize our inner self which in turn helps us know the world around us better and most importantly helps draw up ourselves to face the challenges of life. Teachers play a crucial role in the process of education. They are the ones who help shape up the lives of the students they teach. Teachers can mould students the way they desire based on the needs of time and trends in our systems.

For students, it's imperative to go through the circle of studying, understanding, and realizing, and become good professionals, and more importantly great human beings. For teachers, it is even more vital to equip themselves with the latest developments in their respective fields and get the hang of new tools and techniques to develop proficiency and enliven the teaching-learning process.

With the right blend of academic commitment and professional competencies, Patharkandi College of Education has been playing a key role in training students and teachers. We take immense pride in the fact that we have been making remarkable strides in the larger transformation of teachers and students coming from different corners of the country. Ever since the establishment of the college in the year 1995, we have produced an impressive network of academicians working in different parts of the country. We endeavor to impart quality learning with an emphasis on the holistic development of students with the right values and imbue students to develop a positive lifelong learning attitude.

Our excellence wades beyond the confines of the classroom. We conduct workshops, seminars, guest lectures and other co-curricular activities to expose student teachers to aspects beyond the curriculum. Our trainees have set a track record of holding top positions in the final examinations every year. I am proud to be part of Patharkandi College of Education, dedicated to the cause of nation-building. I am honored to have a group of very energetic, committed and efficient teacher educators and support staff with me to take the journey forward. I am sure, together, we can make this institute an epitome of learning through diligence, devotion and dedication and fulfill the long-cherished dream of our founder and social worker, the late **Prof. Quomrul Hoque**.

My best wishes to all.

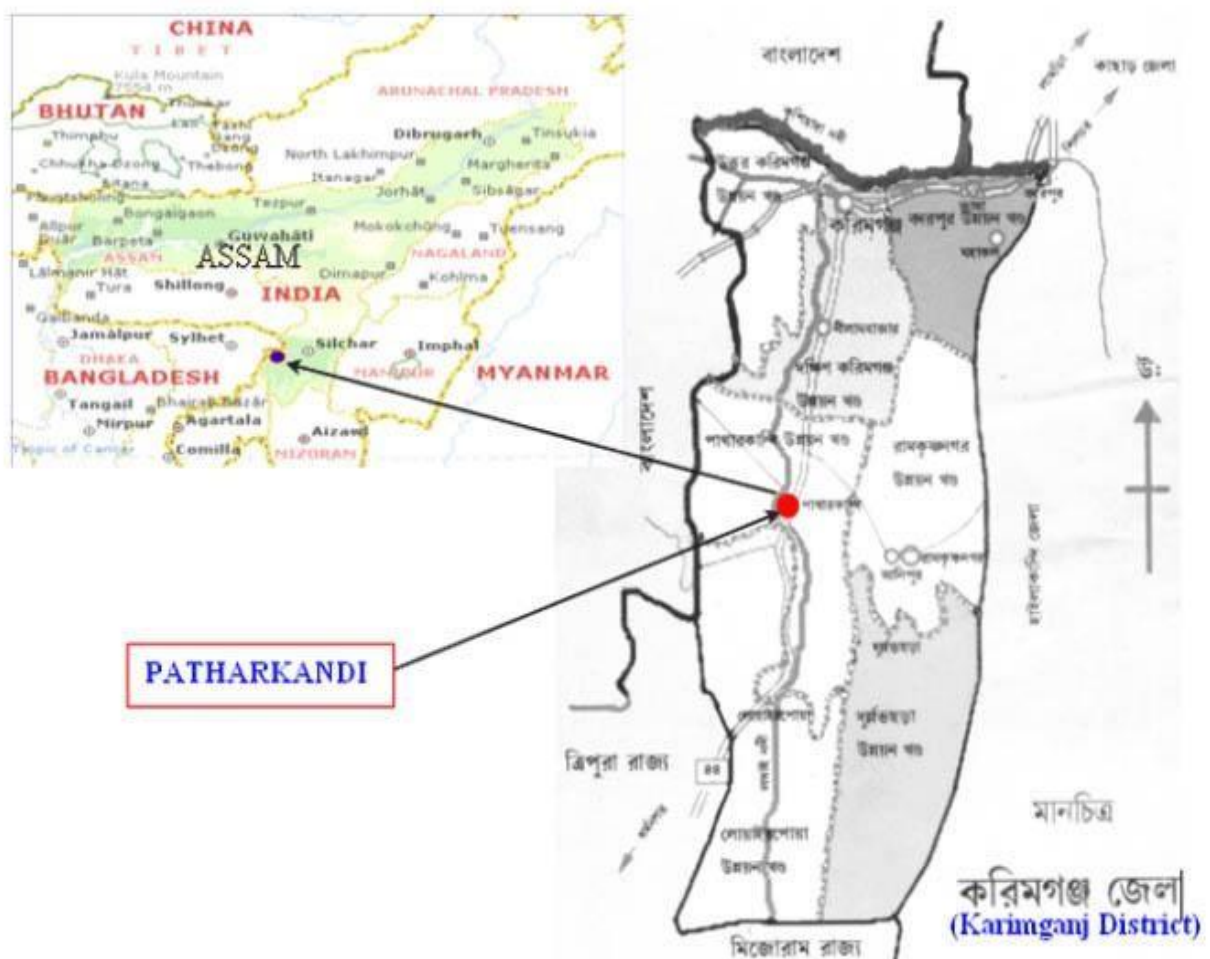

**Dr. Md. Aynul Hoque**  
Principal
